## Noble Roman's Craft Pizza & Pub Introduces New "Sicilian Sliders" to the Menu

(Indianapolis, Indiana) – May 2, 2018. Noble Roman's, Inc. (OTCQB: NROM), the Indianapolis based franchisor and operator of Noble Roman's Craft Pizza & Pub, announced that starting today it is now serving up its newest creation: deep-dish "Sicilian Sliders."

Sicilian Sliders are delicious, muffin-sized deep-dish pizzas which are made from scratch and fresh-baked with cheese and pepperoni. They are the best of a Sicilian pizza in every bite – crispy sides with a soft and yeasty interior. Sicilian Sliders are served four to an order on a long, black rectangular tray with a side of Noble Roman's signature marinara sauce for dipping. Perfect for lunch, at the bar or for an individual dinner, four Sicilian Sliders with dipping sauce are a great value at just under the price of an individual-sized pepperoni pizza. They are also available by the dozen for the group at a special price.

According to Scott Mobley, president and CEO of Noble Roman's, "Based on the fact that our staff, myself included, just can't stop eating them, I would have to say that our Sicilian Sliders are probably the most exciting new dish we have ever created. It is hard to put your finger on just one thing that makes them so addictive. Is it the caramelized mozzarella and Muenster cheese? The fact that you get both crispiness and yeasty softness in every bite?

The flavor of the baked olive oil? Whatever the case, it is no exaggeration to say they are truly delicious! They even look irresistible presented the way they are, all stacked in a row on their long, rectangular serving plate. This is about as sexy as pizza gets!"

Noble Roman's new Sicilian Sliders are available now for dine-in and carry-out at all Craft Pizza & Pub locations: Westfield, Whitestown and Fishers, with the newest location in Carmel opening after Memorial Day.

### About Noble Roman's Craft Pizza & Pub

Noble Roman's Craft Pizza & Pub is intended to provide a fun, pleasant atmosphere serving pizza and other related menu items, all made fresh in customer view. In January, 2017, Noble Roman's opened its first company-owned Craft Pizza & Pub restaurant in Westfield, Indiana, a prosperous and growing community on

the northwest side of Indianapolis. Since that time, two additional Craft Pizza & Pubs have been opened as company-owned restaurants with a fourth location now under development in Carmel, IN and expected to open immediately after Memorial Day. Noble Roman's Craft Pizza & Pub is designed to harken back to the company's early history when it was known simply as "Pizza Pub." Like then, and like the new full-service pizza concepts today, ordering takes place at the counter and food runners deliver orders to the dining room for dine-in guests. The company believes that Noble Roman's Craft Pizza & Pub features many enhancements over the current competitive landscape. The restaurant features two styles of hand-crafted, made-from-scratch pizzas with a selection of 40 different toppings, cheeses and sauces from which to choose. Beer and wine also are featured, with 16 different beers on tap including both national and local craft selections. Wines include 16 high quality, affordably priced options by the bottle or glass in a range of varietals. Beer and wine service is provided at the bar and throughout the dining room.

The pizza offerings feature Noble Roman's traditional hand-crafted thinner crust as well as its signature deep-dish Sicilian crust. After extensive research and development, the system has been designed to enable fast cook times, with oven speeds running approximately 2.5 minutes for traditional pies and 5.75 minutes for Sicilian pies. Traditional pizza favorites such as pepperoni are options on the menu, but also offered is a selection of Craft Pizza & Pub original pizza creations like "Swims with the Fishes" and "Pizza Margherita". The menu also features a selection of contemporary and fresh, made-to-order salads and fresh-cooked pasta. The menu also includes baked subs, hand-sauced wings and a selection of desserts, as well as Noble Roman's famous Breadsticks with Spicy Cheese Sauce.

Additional enhancements include a glass enclosed "Dough Room" where Noble Roman's Dough Masters hand make all pizza and breadstick dough from scratch in customer view. Also in the dining room is a "Dusting & Drizzle Station" where guests can customize their pizzas after they are baked with a variety of toppings and drizzles, such as rosemary-infused olive oil, honey and Italian spices. Kids and adults enjoy Noble Roman's self-serve root beer tap, which is also part of a special menu for customers 12 and younger. Throughout the dining room and the bar area there are many giant screen television monitors for sports and the nostalgic black and white shorts featured in Noble Roman's earlier days.

As Scott Mobley previously stated, "Noble Roman's Craft Pizza & Pub is the most exciting development for the company since it pioneered the non-traditional pizza venue. This stand-alone pizzeria concept is the culmination of some of the best of our history combined with all-new, leading edge technology and recipes to produce what we think will be a terrific growth vehicle for the future."

*The statements contained in this press release concerning the company's future revenues, profitability, financial resources, market demand and product development are forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) relating to the company that are based on the beliefs of the management of the company, as well as assumptions and estimates made by and information currently available to the company's management. The company's actual results in the future may differ materially from those projected in the forward-looking statements due to risks and uncertainties that exist in the company's operations and business environment, including, but not limited to, competitive factors and pricing pressures, non-renewal of franchise agreements, shifts in market demand, the success of new franchise programs, including the new Noble Roman's Craft Pizza & Pub format, the company's ability to successfully operate an increased number of company-owned restaurants, general economic conditions, changes in purchases of or demand for the company's products, licenses or franchises, the success or failure of individual franchisees and licensees, changes in prices or supplies of food ingredients and labor, and dependence on continued involvement of current management. Should one or more of these risks or uncertainties materialize, or should underlying assumptions or estimates prove incorrect, actual results may differ materially from those described herein as anticipated, believed, estimated, expected or intended.
